Dangleis, Gary 7:48 AM:

Hello, and sorry to ask, but when you have a minute would you look at the telephone in Doug Ericksen's office and tell me the number which is on the label? Doug's number was to have been x1906 but I don't think the label said that.

Erikson, Linda 8:42 AM:

Hi Gary,

Erikson, Linda 8:43 AM:

The phone is asking for the mailbox number- 1906 didn't work and 0145 didn't either (the number on the phone and on the label attached to the phone). Ideas?

Erikson, Linda 8:44 AM:

Also, the message indicator on the phone isn't lit up. I'm fairly certain the messages you're seeing are the test robo calls, I received 2 calls and 2 emails. Go ahead and clear the voice mail. Thanks!
